

Immobilizer

Auto

Manual

Type 1(3G)

Type 2 (4G)

Help

1. When program keys for 16 pin models, you can enter into Auto or Manual selection, 3G immobilizer is usually old models, 4G is usually the latest models, Manual selection is faster to program!
2. When replace immobilizer or engine ECU you have to enter into auto.

Smart key system

Type 1(knob)

Type 2(button)

Type 3(button)

Help

1. Immobilizer system and smart key system of Knob models are independent system, therefore, knob models need enter into both immobilizer to program keys and smart key system to program smart keys
2. Button models only need program smart keys and no need to program keys.
